

# FD 2010 Report

Issue 1  
May 9, 2010

The Oakville/Burlington Amateur Radio Clubs Field Day 2010 Newsletter.

Work continues on the planning of the 2010 Field Day.

The site has been picked and has now been posted on the ARRL Field Day Locator page of their website. The address is:

Naylor Group, 455 North Service Rd. E., Oakville.  
This is just east of the Trafalgar road, north of the QEW.

To use the ARRL locator go to:

<http://www.arrl.org/contests/announcements/fd/locator.php>  
and search for VE3CJ.

A location beacon has also been placed on VE3RSB's APRS digipeater, so if you look on <http://aprs.fi>, you'll see the Field Day site identified.

## IMPORTANT!

There will be a general information meeting at the Field Site on **May 26, 2010, 7:00 pm – 9:00 pm**. If you plan on attending, please park in the Naylor Group's parking lot, (entrance off of the North Service Rd.) and enter the building at the side. Signs will be posted. An additional meeting will be held at the same location in June.

## ORGANIZATION

Your Field Day Committee is well into the final planning stages of the event. Equipment does not appear to be a problem at this time; we seem to have enough items (including critical backup equipment).

What are needed now are committed **Operators, Equipment Manager, Bonus Points Manager, Journalist/ Videographer etc.**

Currently the following positions are filled:

Phone Station	Greg, VA3GGF
CW Station	Harry, VA3EC
Digital Station	Rick, VA3NV / Colin, VE3MSC
VHF	Derek, VE3DDL
GOTA	Norm, VE3CZI
Casual Station	Greg, VA3TSK / Colin VE3MSC
Safety Officer	Mike, VA3HBN
Satellite	John, VA3BL / Dave VA3DHX
Cadet Liaison	Rod, VE3RHF
Talk In Station	Rick, VA3NV
Assistant FDC	Greg, VA3TSK
FDC	George, VE3OGP

We will be running as a 3A site, a Phone station, a CW station and a Digital station. Plus there will be a GOTA station, 6mt./vhf/uhf station, a Satellite station and a casual QRP station (on site but operating independently). Lots of things going on to peak your interest, so please let us know that you're coming out.

If you wish to volunteer for anything please contact me at [oarc.fd@interhop.net](mailto:oarc.fd@interhop.net) . Please indicate FD in the subject line.

Final Details will be in the next FD 2010 report.

George Davis, VE3OGP,

Field Day Coordinator

**FIELD DAY, JUNE 26<sup>th</sup> and 27<sup>th</sup>, 2010**
